Who is PathWays for?

Indiana PathWays for Aging (PathWays) is an Indiana health coverage program for Hoosiers aged 60 and older who are eligible for Medicaid. Research shows that most older adults — 75% or more — want to age at home and in their communities. PathWays makes it possible for Hoosiers to age their way. If a member has nursing facility level of care, PathWays offers more choices to get care at home or in a community setting, while living independently.

PathWays members include those who are:

- Blind or disabled
- Getting Supplemental Security Income (SSI)
- Enrolled through M.E.D. Works
- Full-benefit dually-eligible (have both Medicare and Medicaid)
- Eligible for the Aged and Disabled (A&D) waiver
- In a nursing facility
- Receiving hospice services

With PathWays, you will have a dedicated team to help you and your caregiver manage all of your health needs. We'll work with you, your providers, and all of the services that support you with your health. We'll also help you get your benefit information in other languages and other formats, such as braille, large print, or audio CD.
