

How to confirm your participation status with member plans

Nevada | Medicaid Managed Care • Medicare Advantage • Commercial

Anthem has many plans for members. As a provider, it is important to confirm you participate with a member's plan before rendering services. This guide helps you understand how to use your *Provider Agreement* and the directory to confirm your participation.

Step 1: Check your *Provider Agreement*

When you join our network, you are given a *Provider Agreement*, also known as your contract. To find the list of your participating networks:

- Review the Provider Networks Attachment page in your agreement.
- This is found immediately following the signature page of your agreement.

Step 2: Check the online directory, Find Care

Our online directory allows you to search based on a specific provider name or by viewing a list of local in-network providers and facilities using search features such as provider specialty, ZIP code, and plan type.

To access the online directory, Find Care:

- Go to [Anthem.com](https://www.anthem.com).
- Select the *Find Care* link at the top right of the page.
- Search by entering the member ID or search as a guest:
 - Use member ID for basic search: Search by entering the member's ID number (including the three-character prefix), or simply enter the three-character prefix/
 - Basic search as a guest: Search by selecting a plan and network. Note: The member's network name should be on the lower right corner of the front of the Member's ID card:
 - If you are not sure which plan or network, search using PPO.
- Enter a city, county, or ZIP code and search by doctor name, group name, and more.
- From the provider's profile page, select the *Insurance* tab on the top right menu to see all the plans the provider participates with:
 - Be sure to confirm the address information.
